

**maxi-
movers**[™]
by Chemtainer

**Products inspired
by customer challenges.**

**Products that
companies rely on.**

We earned the name

In 1972, Chemtainer Industries introduced Maxi-Movers, a long line of high-quality, plastic transportation solutions, starting with laundry carts, later evolving to material handling products.

Now over 50 years later, companies around the country still depend on the solid, built-to-last line of Maxi-Movers trucks and carts. They are used regularly in commercial laundry as well as the material handling, donated goods and recycling industries. Made of Polyethylene lightweight plastic, they are built to last and can take on any material handling challenge.

Special features like ergonomic designs were added to help move items easily and safely. Shipping and storage is more efficient with nestable and stackable carts. The always-popular **Bulk Trucks** remain a mainstay in the industry, with the first to market **M7090** still the most popular choice. Ergonomically-designed, they come in a variety of sizes with many options to choose from to help get the job done.

Maxi-Movers' assortment of **Shelf Trucks** offer various options and configurations to help easily transport clean and soiled linens safely and efficiently.

ame Old Reliable.

In a class all by itself, the unique, versatile and light-weight **Maxi Sorting Table** offers a large surface at the perfect height for a convenient and spill-free way to sort and display goods.

The extensive line of built-to-last, easy-to-use **Utility Trucks** come in a variety of sizes and features to choose from. From the Maxi-Cube and Maxi-Utility Trucks to the Bushel Trucks and Flare Trucks, there is literally a solution available to move or store any item you can dream of.

The rugged multi-use and multi-function **Tilt Trucks** are designed to handle even the nastiest of materials. They come in different sizes and are the perfect choice to easily collect and dump anything. Tilt Trucks can handle even the nastiest of materials.

With the most FOB points across the country, Maxi-Movers will continue to be the dependable, affordable and proven solution customers turn to for all their laundry and material handling needs.

Bulk Trucks

Our rugged line of Bulk Trucks, starting with the original superstar M7070 and M7090, are ergonomically-designed in various sizes and configurations to transport anything you need for easier loading, unloading and storing.

M7090

Bulk Truck

Standard Features

The M7090 is considered the standard of the industry. Ergonomic front cut out. Chemical resistant, corrosion-free Poly base. Hand and drain holes, and 6" industrial rubber casters.

Dimensions: 47" L x 28.5" W x 66.5" H - 59" ID

Capacity: 48 cubic feet

Shipping Weight: 120 pounds

M7091

Bulk Truck

Standard Features

Ergonomic front cut out. 6" lower than the identical M7090. Chemical resistant, corrosion-free Poly base. Hand and drain holes, and 6" industrial rubber casters.

Dimensions: 47" L x 28.5" W x 66.5" H - 59" ID

Capacity: 48 cubic feet

Shipping Weight: 120 pounds

M7093

Bulk Truck

Standard Features

Ergonomic low cut-out and wider opening for easier access to remove bulkier items. Drop-down seat-belt grade **nylon cargo net** to reduce spillage. Poly base with 6" industrial rubber casters.

Dimensions: 47" L x 28.5" W x 66.5" H - 59" ID

Capacity: 48 cubic feet

Shipping Weight: 145 pounds

M7064

Bulk Truck

Standard Features

Ergonomic front cut out. Powder-coated welded steel base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 60" L x 42" W x 48" H - 39" ID

Capacity: 60 cubic feet

Shipping Weight: 170 pounds

M7030

Bulk Truck

Standard Features

The M7030 is thinner than other Bulk Trucks, and is sized to fit most guest and service elevators in hospitals, hotels, nursing homes, and cruise ships. The ergonomic, low access, cut-away design diminishes the amount of bending and reaching required for loading and unloading. Specially-designed waterproof polyethylene base reduces maintenance and replacement costs. 100% virgin, lightweight polyethylene truck body. Dual hand holds. Industrial 6" non-marking rubber casters. Hand holes and drain holes.

Dimensions: 40" L x 26" W x 73" H - 65" ID

Capacity: 36 cubic feet

Shipping Weight: 130 pounds

M7070

Bulk Truck

Standard Features

The M7070 is America's first bulk truck. Specially-designed waterproof poly base reduces maintenance and replacement costs. 100% virgin, lightweight polyethylene truck body. Dual hand holds. Industrial 6" non-marking rubber casters. Hand holes and drain holes.

Dimensions: 48" L x 28.5" W x 54.5" H - 47" ID

Capacity: 36 cubic feet

Shipping Weight: 120 pounds

Bulk Trucks

M7040

Bulk Truck

Standard Features

Ergonomic front cut out. Powder-coated welded steel base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 41" L x 28.5" W x 58.5" H - 51" ID

Capacity: 33 cubic feet

Shipping Weight: 140 pounds

M7041

Bulk Truck

Standard Features

Ergonomic front cut out (4.5" lower than identical M7040). Powder-coated welded steel base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 41" L x 28.5" W x 58.5" H - 51" ID

Capacity: 33 cubic feet

Shipping Weight: 140 pounds

M7060

Bulk Truck

Standard Features

Ergonomic front cut out. Powder-coated welded steel base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 42" L x 28.5" W x 76.5" H - 68" ID

Capacity: 46.5 cubic feet

Shipping Weight: 140 pounds

M7095

Bulk Truck

Standard Features

Ergonomic front cut out. Powder-coated welded steel base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 60" L x 30.5" W x 68" H - 60" ID

Capacity: 63.5 cubic feet

Shipping Weight: 175 pounds

M7084

Bulk Truck

Standard Features

Ergonomic front cut out. Powder-coated welded steel base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 72" L x 42" W x 55" H - 49" ID

Capacity: 84 cubic feet

Shipping Weight: 180 pounds

Shelf Trucks

These trucks can deliver clean linens or transport soiled linens on removable or non-removable wire or poly shelves. The shelves deliver clean, folded linens quickly and easily. They can also convert to form a wall for bulk collection, storage and transport of soiled linens for laundering.

M8592

Shelf Truck

Standard Features

Available with wire or poly shelves in **removable or non-removable** configurations. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 48" L x 27.5" W x 68" H - 60" ID

Capacity: 48 cubic feet

Shipping Weight: 185 pounds

M9091

Shelf Truck

Standard Features

Comes with **non-removable wire shelves**.

Metal Base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 48" L x 29" W x 66" H - 58.5" ID

Capacity: 48 cubic feet

Shipping Weight: 215 pounds

M8090

Shelf Truck

Standard Features

Available with either **removable wire or non-removable poly shelves**.

Powder-coated welded steel base. Hand and drain holes. 6" industrial rubber casters.

Dimensions: 47.5" L x 27.5" W x 62" H - 55" ID

Capacity: 48 cubic feet

Shipping Weight: 215 pounds

Garment Delivery Trucks

These unique, rugged, all-weather garment delivery trucks are designed to protect valuable inventory.

M8280

Garment Delivery Truck

Standard Features

The M8280 is same size as M8282 but has an **internal locking hanger bar**. Its vinyl cover with lockable zipper safely secures contents. Smooth interiors won't snag clothing. Durable, fitted and weather proof vinyl cover protects even the most delicate fabrics. No shelves.

Dimensions: 52" L x 28" W x 69" H - 62" ID

Capacity: 48 cubic feet

Shipping Weight: 160 pounds

M8282

Garment Delivery Truck

Standard Features

The M8282 with **two shelves** and is the same size as M8280. Its **vinyl cover** with heavy-duty lockable zipper safely secures contents against unauthorized entry. Smooth interiors won't snag clothing. Durable, fitted and weather proof vinyl cover protects even the most delicate fabrics.

Dimensions: 52" L x 28" W x 69" H - 62" ID

Capacity: 48 cubic feet

Shipping Weight: 160 pounds

Sorting Table

This lightweight yet durable, ultra-versatile and ergonomically-designed **Sorting Table** is perfect for safe sorting. Its large space surface and convenient height allows for easy sorting through incoming linens (pillowcases/sheets, bath/hand towels, napkins/tablecloths) or for in-plant applications, like transporting linens from the driers to the folding stations and/or from the folding stations to the packaging/distribution areas.

A blue sorting table with a black metal frame and four casters. The table is positioned on a concrete floor in front of a red corrugated metal wall. The model number M4896ST is printed in white on the side of the table.

M4896ST

Sorting Table

Standard Features

The Sorting Table body is made of lightweight yet durable 100% virgin polyethylene resin with smooth, snag-free, and easy to clean surfaces. Waterproof polyethylene eliminates the issues of splintering, corrosion, snagging, bacterial/fungal growth, sharp edges, and staining due to rust/mold commonly associated with wooden and metal surfaces. Raised sides help to increase capacity while reducing spillage. Table bodies and steel frames can be nested separately to save on storage space and shipping costs. Includes two 6" fixed casters and two 6" swivel casters with sidelock brakes mounted on a powder-coated steel frame for easy, non-marking movement on a variety of surfaces.

Dimensions: 98" L x 50" W x 35" H

Shipping Weight: 145 pounds

Utility Trucks

For easy moving and storing, Maxi-Movers material handling carts and trucks are the answer. Maxi-Cube Trucks are designed for greater usable capacity and maximum maneuverability. Bushel Trucks can be used in a variety of industrial and institutional applications. Spring Platform Trucks are ergonomically-designed to help workers manage linens safer. Flare Trucks and Tilt Trucks are designed to move and load or unload bulky items.

M5010

Maxi-Cube Truck

Standard Features

Base is powder-coated steel. Nestable for storage and shipping cost reductions. 5" Casters are easy to maintain.

Dimensions: 35" L x 24.5" W x 34" H - 27.5" ID

Capacity: 11 3/4 cubic feet

Shipping Weight: 65 pounds

M5014

Maxi-Cube Truck

Standard Features

Base is powder-coated steel. Nestable for storage and shipping cost reductions. 5" Casters are easy to maintain.

Dimensions: 39" L x 28" W x 37.25" H - 31.5" ID

Capacity: 17 cubic feet

Shipping Weight: 75 pounds

M5016

Maxi-Cube Truck

Standard Features

Base is powder-coated steel. Nestable for storage and shipping cost reductions. 5" Casters are easy to maintain.

Dimensions: 43" L x 28" W x 37.25" H - 31.5" ID

Capacity: 18.25 cubic feet

Shipping Weight: 65 pounds

M5418

Maxi-Cube Truck

Standard Features

Base is powder-coated steel. Nestable for storage and shipping cost reductions. 5" casters are easy to maintain.

Dimensions: 53.5" L x 28.5" W x 33.5"H - 26.5" ID

Capacity: 21 cubic feet

Shipping Weight: 90 pounds

M1642

Square Utility Truck

Standard Features

Slant front for easy loading, collection and sorting any bundled goods. Tapered sides and nests and stacks when empty for savings on freight and space. Rugged poly body with 5" casters for easy rolling.

Dimensions: 29.5" L x 29.5" W x 46" H

Spring Platform Utility Trucks

Our Spring Platform Utility Trucks are ergonomically designed to help workers manage smaller linens safer. They come with a welded steel base and in a variety of sizes and class ratings.

M2914, Class 4

Spring Platform Utility Truck

Standard Features

Class 4 rating = 160 to 250 lbs. Base is powder-coated, welded steel.
Four 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 57" L x 25" W x 31" H - 24.5" ID

Capacity: 15 cubic feet

Shipping Weight: 85 pounds

M2914, Class 5

Spring Platform Utility Truck

Standard Features

Class 5 rating = 200 to 300 lbs. Base is powder-coated, welded steel.
Four 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 57" L x 25" W x 31" H - 24.5" ID

Capacity: 15 cubic feet

Shipping Weight: 85 pounds

M2914, Class 6

Spring Platform Utility Truck

Standard Features

Class 6 rating = 240 to 360 lbs. Base is powder-coated, welded steel.
Four 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 57" L x 25" W x 31" H - 24.5" ID

Capacity: 15 cubic feet

Shipping Weight: 85 pounds

M2914, Class 7

Spring Platform Utility Truck

Standard Features

Class 7 rating = 280 to 420 lbs. Base is powder-coated, welded steel.

Four 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 57" L x 25" W x 31" H - 24.5" ID

Capacity: 15 cubic feet

Shipping Weight: 85 pounds

M2820, Class 4

Spring Platform Utility Truck

Standard Features

Class 4 rating = 160 to 250 lbs. Wood base. Six 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 57" L x 25" W x 31" H - 24.5" ID

Capacity: 15 cubic feet

Shipping Weight: 128 pounds

M2820, Class 5

Spring Platform Utility Truck

Standard Features

Class 5 rating = 200 to 300 lbs. Wood base. Six 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 67" L x 35.75" W x 31" H - 23" ID

Capacity: 15 cubic feet

Shipping Weight: 128 pounds

Spring Platform Utility Trucks

M2820, Class 6

Spring Platform Utility Truck

Standard Features

Class 6 rating = 240 to 360 lbs. Wood base. Six 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 67" W x 35.75" L x 31" H - 23" ID

Capacity: 23 cubic feet

Shipping Weight: 128 pounds

M2920, Class 7

Spring Platform Utility Truck

Standard Features

Class 7 rating = 280 to 420 lbs. Base is powder-coated, welded steel. Six 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 67" W x 35.75" L x 31" H - 23" ID

Capacity: 23 cubic feet

Shipping Weight: 140 pounds

M2920, Class 8

Spring Platform Utility Truck

Standard Features

Class 8 rating = 320 to 480 lbs. Base is powder-coated, welded steel. Six 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 67" W x 35.75" L x 31" H - 23" ID

Capacity: 23 cubic feet

Shipping Weight: 140 pounds

M2920, Class 9

Spring Platform Utility Truck

Standard Features

Class 9 rating = 360 to 600 lbs. Base is powder-coated, welded steel. Six 5" rubber casters with thread guards. Casters are easy to maintain.

Dimensions: 67" W x 35.75" L x 31" H - 23" ID

Capacity: 23 cubic feet

Shipping Weight: 140 pounds

Tilt Trucks

The ultra-rugged Tilt Truck is used to collect and dump materials, even grease and oils, for commercial usage. They come in a variety of sizes and capacity levels to help you find the right one for you.

MT50XHTA-INDL

1/2 Yard Heavy Duty Tilt Truck

Standard Features

1200 lb Load Limit. Balanced for one person handling. Easy to clean and maintain. Two 12" hard rubber wheels and two 3 1/2" polyolefin casters.

Dimensions: 27" W x 54" L x 41" H

Capacity: 1/2 cubic yards

Shipping Weight: 105 pounds

MT50XSTA-COMM

1/2 Yard Standard Duty Tilt Truck

Standard Features

750 lb Load Limit. Balanced for one person handling. Easy to clean and maintain. Two 10" hard rubber wheels and two 3 1/2" polyolefin casters.

Dimensions: 27" W x 54" L x 41" H

Capacity: 1/2 cubic yards

Shipping Weight: 96 pounds

MT100HTA-INDL

1 Yard Heavy Duty Tilt Truck

Standard Features

2000 lb Load Limit. Balanced for one person handling. Easy to clean and maintain. Two 12" hard rubber wheels and two 3 1/2" polyolefin casters.

Dimensions: 32" W x 71" L x 43" H

Capacity: 1 cubic yard

Shipping Weight: 126 pounds

Tilt Trucks

MT100STA-COMM

1 Yard Standard Duty Tilt Truck

Standard Features

1000 lb Load Limit. Balanced for one person handling. Easy to clean and maintain. Two 12" hard rubber wheels and two 3 1/2" polyolefin casters.

Dimensions: 32" W x 71" L x 43" H

Capacity: 1 cubic yard

Shipping Weight: 119 pounds

MT200HTA

2 Yard Heavy Duty Tilt Truck

Standard Features

2300 lb Load Limit. Balanced for one person handling. Easy to clean and maintain. Two 12" hard rubber wheels and two 5" polyolefin casters.

Dimensions: 46" W x 83" L x 50" H

Capacity: 2 cubic yards

Shipping Weight: 200 pounds

MT200STA

2 Yard Standard Duty Tilt Truck

Standard Features

1800 lb Load Limit. Balanced for one person handling. Easy to clean and maintain. Two 12" hard rubber wheels and two 5" polyolefin casters..

Dimensions: 46" W x 83" L x 50" H

Capacity: 2 cubic yards

Shipping Weight: 190 pounds

MT250HTA

2 and 1/2 Yard Heavy Duty Tilt Truck

Standard Features

2300 lb Load Limit. Balanced for one person handling. Easy to clean and maintain. Two 12" hard rubber wheels and two 5" polyolefin casters.

Dimensions: 55" W x 83" L x 50" H

Capacity: 2.5 cubic yards

Shipping Weight: 235 pounds

MT250STA
